Dimensional Data

Overall Width	2400mm
Overall Length	6700mm
Overall Height	2600mm
Machine Weight	5100kg
Machine Capacity	22m ²

Electrical Specification

Supply Voltage	415vac
Phase	3ph
Max Current	32A
IP Rating	IP55
Control Circuit	24vdc

Machine Specification

Compaction Force	38 tonnes
Motor	5.5kw
System Pressure	230 bar
Cycle Time	45 secs
75% Full Light	
100% Full Light	

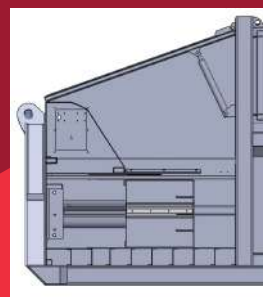

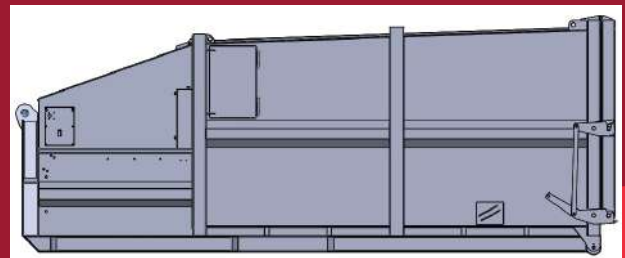

Optional Features

SmartTec (status notifications)
SolarPac (solar power)
Various Hopper Configurations
Extra Side Loading Door

Having this Compactor means we don't have lots of bins dotted around the site anymore with rubbish lying around, really helping to keep our site nice & tidy. Being right in the middle of the public domain it's very important for us to keep smells & rubbish at a minimum which the Compactor does really well. It's also reduced the amount of vehicles having to come on site & helped to create savings. Our service is also twice a year, which is always on time, running nice & smoothly.

Colin Hendon
Gascoyne Cecil
