**Dimensional Data**

Overall Width	1290mm
Overall Length	1550mm
Overall Height	2200mm
Working Height	3080mm
Feed Height	1550mm
Load Aperture Width	1070mm
Load Aperture Height	670mm
Back Wall Clearance	100mm
Side Wall Clearance	300mm
Machine Weight	900kg

**Electrical Specification**

Supply Voltage	415vac
Phase	3ph
Max Current	16A
IP Rating	IP55
Control Circuit	24vdc

**Machine Specification**

Compaction Ratio	Up to 6:1
Motor	3kw

**Compacted Sacks**

Dimensions	1m <sup>3</sup>
Weight	250-500kg

The RotorPac has benefitted us in being so simple to use, it also saves us a lot of time & double handling in our line of work & seemed to be the best compactor around for our needs. We've always had very good communication with the team who are very prompt when carrying out service work or repairs, with helpful staff when liaising with the company. If we were looking for a new machine or a replacement we would most certainly check Pearce Compaction Systems out to see what was on offer.
