### BIN WEIGHING SYSTEM

Efficiently weigh and track waste from multiple customers using a single waste compactor

WeighTec allows you to weigh and log waste from up to 400 different sources, all using the same compactor.

Designed to streamline operations, it supports 1100-litre wheelie bins, ensuring seamless waste collection while preventing unauthorized use

Ideal for shared facilities, this solution is available with Trunnion Bin Lifts, providing a secure, efficient, and trackable way to manage waste from various sources
