TECHNICAL DATA

MOBILE COMPACTOR MC14BL

Dimensional Data

Overall Width	1796mm
Overall Length	4680mm
Overall Height	2250mm
Machine Weight	3500kg
Machine Capacity	9m ³

Electrical Specification

Supply Voltage	415vac
Phase Max	3ph
Current IP	32A
Rating Control	IP55
Circuit	24vdc

Machine Specification

Compaction Force	279kN
Motor	5.5kw
System Pressure	190 bar
Cycle Time	31 secs
Bin Lift	240l - 1100l
75% Full Light	
100% Full Light	
SmarTec	status notifications

Optional Features

SolarPac (solar power)

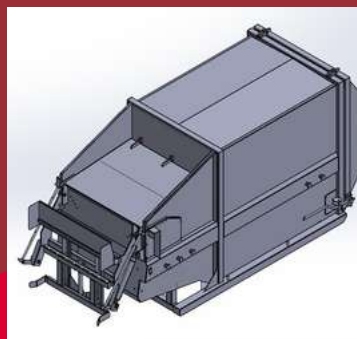

Having this Pearce Compactor on site has greatly reduced our waste bill. It also means we don't have lots of bins dotted around the site anymore really helping to keep our site nice & tidy.

We recommend this machine where space is an issue as it works well for those restricted on space like ourselves

We continue to work with Pearce Compaction Systems due to their pricing, service and ongoing reciprocal relationship.

Robert

Food Industry
